Dubai

Bursting up from the Arabian Desert, Dubai is an innovative city that goes out of its way to impress. You can expect high levels of luxury and service at our selection of top notch hotels. Add pristine beaches and year round sunshine to the breathtaking cityscape and it's easy to see why Dubai is one of the world's most popular holiday destinations.

“Fantastic beaches, amazing sights and guaranteed sunshine...”

Having been to Dubai four times in the last 10 years, I have seen it change from a city with a few hotels on the beach to an exciting destination that is breathtaking and beautiful. My all-time favourite VISTA is of the amazing manmade island The Palm Jumeirah. Dubai's beaches are fantastic, the hotels are amazing and they offer impeccable service. The shopping is not to be missed, with malls and souks selling anything from carpets to beauty products. There is also the added bonus of guaranteed sunshine all year round making it a destination to visit anytime of the year!

“Sri Lanka is a unique destination, offering something for everyone...”

With so much to see and do, Sri Lanka offers far more than your average beach holiday. It's got to be one of the most unique places I have ever been - and there's something for everyone. There are so many different tours available, so you can really discover the fascinating history and nature of the island. Visiting the elephant orphanage was a once in a lifetime opportunity that I highly recommend. I thoroughly enjoyed meeting the local people and experiencing their culture and food. Sri Lanka is the type of destination where you can choose to lounge on a beach and soak up the rays or be active and explore the sites.

Scattered in the crystal clear Indian Ocean, the stunning Seychelles are about as far away from reality as you can get. Think deserted beaches with sugary sand, bright coral reefs, ancient rainforests, exotic wildlife and misty waterfalls. “A fabulous melting pot of different cultures and experiences...”

Mauritius is a fabulous melting pot of cultures and experiences - and this is reflected in the delicious cuisine. The tasty dishes are influenced by French, Creole and Chinese menus. When I reflect back on my holiday to Mauritius, I remember the people the most; every detail is important to them. When I told our hotel that the holiday was a 60th birthday present to my mum, they arranged a birthday cake and a catamaran sunset cruise. I would definitely return to the island, but I'd make sure my credit card was clear so I could take advantage of the brilliant shopping in Grand Baie!

Ultimate combinations

Decisions, decisions... sometimes it can be difficult to decide exactly where you want to go on holiday. That's why we put together our Ultimate Combinations - the opportunity to visit more than one place in one amazing holiday.

Mix bustling cities with blissful beaches, relaxation with cultural tours and tropical islands with even more tropical islands. Here are some of our favourites...

“We combined the magic of Dubai with the tranquillity of the Maldives...”

Twinning the magic of Dubai with R&R in a luxury Maldives beach villa was the perfect holiday for me and my girlfriend. In Dubai, we loved the sounds, scents, sights and the ostentatious displays of wealth. As for the Maldives, the levels of service coupled with the natural beauty of the coral reefs made our trip truly unforgettable. I also plucked up the courage to propose while we were there - it must have been all the hints she dropped when we were in the gold souks!
